28/1/23

Judge: Mr Krystyan Greenland

What a fantastic show this was to judge. I love the venue and the Committee look after you 100%. Thank you to them for inviting me. A fabulous atmosphere and dogs awaited me. Thanks so much to my stewards through the day.

### **Best In Show**

A quality line up awaited me and it was a delight to go over all of them. For me, two stood away on the day for sheer quality, conformation, and showmanship. – these being the wonderful Lhasa Apso that I sent through from the Utility Group and the Alaskan Malamute chosen by Hilary Male in the Working Group.

**BIS:** Carter's Ch Belazieth Sundance Kid With Alamiks JW SHCEX OSW (Lhasa Apso). A dog I have judged before and he has matured on so well. He is so well balanced, sturdy and has the degree of elegance I am looking for. Skull is moderately narrow. Moderate stop. Dark oval eyes showing no white. Ears heavily feathered. Wonderful expression. Strong well arched neck. Shoulders are well laid back and his upper arm is well set. Straight legs. Longer in body than height at withers. Ribs carried well back. Level topline and strong loins. Good turn of stifles and nice hocks. Tail is high set and carried well over the back. Superb coat. Absolute perfection on the move - so free- and a master class in handling! A wonderful dog.

**RBIS:** Smith's Snowshoes Who Dares Wins (Alaskan Malamute). I thought this Malamute was a most handsome dog. Very nice masculine head without being too overdone. Good proportion of muzzle to skull. Ear set is perfect. Lovely shape to eyes which are of a nice dark colour. Wonderful expression. Excellent muscular neck. Very well laid shoulders and excellent return of upper arm. Good strong bone. Deep chest and very slight slope to topline. Excellent turn of stifles and well defined, firm hocks. Perfect tail set and carriage with typical waving plume. I thought he looked superb on the move today. In great coat and perfectly handled.

### **Best Puppy In Show**

Another great line up awaited me here. I was particularly drawn to the Rottweiler, Japanese Spitz, English Cocker and Mini S/H Daschund. All dogs of huge quality. In the end, two just had the edge.

**BPIS:** Smith's Snowshoes Iris. (Jap Spitz). I completely fell for this beautiful bitch. Wedge shaped head with slightly rounded skull and enough development of stop. Muzzle is totally in proportion to skull. Ultra-attractive with lovely dark oval eyes. High set ears which are small. Arched neck. Moderate lay to shoulders. Correct body length. Moderate tuck up. Well-turned stifles. High set tail. In great coat for her age. Beautiful. Absolute star on the move in

profile. Just needs to develop width in front. A little star and future Champion in the making. Loved her. So well handled.

**BBPIS:** Freeze's Fantasa One Night In Paris (Rottweiler). A really super Rott of excellent make and shape. Liked her head and expression. Reachy neck. Excellent shoulders and upper arm returns to set legs well under her. Good bone & substance for age. Well-proportioned body and nothing looking too extreme. Well set tail and an absolute powerhouse on the move. A complete personality too! Well handled and I shall watch her future with keen interest.

**Best Champion In Show:** Carter's Ch Belazieth Sundance Kid With Alamiks JW SHCEX OSW (Lhasa Apso).

**Res Best Champion In Show:** Smith's Ch Snowshoes Kings Legacy SHCM SHCEX (Alaskan Malamute). I judged this dog last year at the AMCUK Show, where, to be honest, on what was a very hot day, he did not inspire me too much. Here, he looked like a different dog. In absolutely superfluous condition and looking every inch the Champion. I would prefer slightly more masculinity for my taste, but his head is well proportioned. He has very nice expressive eyes, Muscular neck and is well constructed throughout. Today his topline was nice and firm and he moved fantastically. In good hard muscular condition. Thought he looked amazing,

### **Best Veteran In Show**

A great group of veterans rounded off a fabulous appointment.

**BVIS:** Smith's Ch Snowshoes Kings Legacy SHCM SHCEX (Alaskan Malamute).

**RBVIS:** Plummers' Tetsikarma Stargazer SHCM SHCEX VW. (Tib Terrier). One I have judged before and looking amazing here. Great head. Correct proportion of skull to muzzle. Lovely shape to eyes which are dark in colour. Coat does not obstruct. Reachy neck, leading to well laid shoulders. Upper arm of correct length and slope. Deep chest and well ribbed. Square in outline. Moderate turn to stifles. Firm hocks. Great coat and condition. Super mover, covering the ground effortlessly. Very well handled.

### **Miniature Schnauzer**

Open (2,0)

1<sup>st</sup>: Wood's Penbro Talk Of The Town. Very smart and outline catches the eye. Up to size. Very good expression. Eyes of medium size and dark in colour. Enough length to head which is also of the correct contours and shape. Ears are set well. Neck of moderate length. Back just short enough. Firm topline. Ribs are well sprung. Good turn of stifles. Tail set on high. Moved a treat when settled. Jacket ok for texture. Well handled. BOB. Grp 3

2<sup>nd</sup>: Penbro Victoria's Secret. Again lots of quality to see and of a nice size. Expressive head with dark eyes and correct proportions to the head. Good length to neck and short back. Firm loins. Balanced angles fore and aft. Coat coming along ok. Not so collected in the ring as 1<sup>st</sup> and preferred the overall outline and shape of 1<sup>st</sup>. BP

### **Tibetan Spaniel**

What a super entry with some very nice quality – thank you.

Graduate (4,0)

1<sup>st</sup>: Smith's Tibbiestars Tutti Frutti. I was quite taken with this young lady. I felt her head looked in the correct proportion to her body. Slightly domed skull with moderate length and width. Medium length to muzzle and enough cushioning. Chin showed enough width and depth for me. Expressive dark eyes which are oval in shape and spaced quite well apart. They gave me that lovely typical bright expression. Ears are set fairly high. Correct bite. Neck ok for length. Lovely angulation to shoulder and upper arm. Firm topline. I'd perhaps just like a fraction more length to body. Good turn of stifle. Tail set and carried correctly. At 7 months, obviously, coat very much still to develop. First class mover. BOB. BP

2<sup>nd</sup>: Quest's Chenrezi Just You And I. A very smart dog indeed. I found him very shapely in outline. Masculine in expression. Dark eyes which are a bit fuller than 1<sup>st</sup>. Slightly domed skull of correct proportions. Muzzle ok for length and cushioning. Preferred expression on 1<sup>st</sup>. Head is in correct size & proportion to body. Neck short. Shoulders are moderately angled. Upper arm is set well. Good hare feet. Topline firm. Slightly preferred his proportions of height to body length than the winner. Moderate turn to stifles. Tail is set high. Moves soundly.

3<sup>rd</sup>: Conibere & Quest's Tiny Winnie De La Valoubiere (Imp Fra)

Limit (4,1)

1<sup>st</sup>: Clover's Chenrezi No Ordinary Love. Head is quite nice with good breed attributes. Dark oval eyes. Ears are high set with correct fringing. Muzzle ok for length and cushioning. Bite typical. Neck moderate in length. Well-proportioned in body. Tail is high set and well plumed. Good hare feet. Moves with a very sound action and in the typical fashion of the breed. Well handled.

2<sup>nd</sup>: Wayman's Mynapaw Perfect Symphony. Not so typical in expression or head as 1<sup>st</sup>. Eyes are ok for shape and are dark and are well spaced. Ears look a little low set. Muzzle is well cushioned. Not quite so well angulated as the winner. Topline is firm and body is slightly longer than height at withers. Tails set is high and shows a nice plume. Good hare feet. Not quite so confident as the winner and didn't move out as well, though did move soundly in all directions.

3<sup>rd</sup>: Penny's Chenrezi Ti Amo

Open (4,0)

1<sup>st</sup>: Quest's Lilileian Louis Vuitton JW SHCM SHCEX. A pretty decent head with typical shape and expression. Dark oval eyes which are well spaced. Bright expression. Muzzle could perhaps be just a tad longer for my personal preference. Chin shows enough depth. Ears are high set. Neck ok for length. Shoulders well set and upper arm returns nicely. Hunching his back a little when standing. Tail high set. Hair feet. Moves very soundly indeed.

2<sup>nd</sup>: Bevis' Skyvana Empty Dreams od Starlance. Nice overall make and shape. A typical expression and very handsome looking dog. Quite well put together with correct proportions to body and balanced angled. Topline is firm and level. Good hare feet. Lacking a little in coat on the day and gave ground to the winner on the move.

3<sup>rd</sup>: Hirstwood's Quintrelle I Believe

## **Bulldog**

Open (4,1)

1<sup>st</sup>: Hazembulls Raspberry Beret

2<sup>nd</sup>: Hazebull Disco Boy

This pair were very even overall. Both nice for size and weight. Heads were of nice shape and pretty typical I felt. Eyes well set and ears correct for size and shape. Both were good in body showing nice form and standing on strong legs with good bone. Both looked very healthy representatives of the breed. 1<sup>st</sup> was slightly more coordinated on the move. In great condition.

3<sup>rd</sup>: Vosper's Busterleigh Symphonica

1<sup>st</sup> Tonkin & Pellow's Poison D'Acebo Mystic Symphony (Imp Esp). 7 months and looking quite impressive. Sturdy, compact with a good outline. Head is developing well. It looks pretty square. Skull quite flat between ears with fine wrinkling. Head is good in profile. Lower jaw strong and square Nice open nostrils. Dark eyes of good shape. Very typical bat ears. Nice body to go over. Really free and flowing on the move. BP

2<sup>nd</sup>: Prichards' Ruption Knightcott Black Diamond At Violotta JW. More mature than the winner, but not so good on the move on the day. Square enough in head and displays a reasonably typical expression. Bit longer in body than ideal for me. Topline firm. Good ribs and enough cut up. In lovely condition.

Ears high set. Eyes are well spaced and very lovely expression. Neck is moderate in length. Shoulders of moderate angulation. Upper arm angles back enough. Good depth to chest and well ribbed. Firm loins. Good turn of stifles. Hocks firm. Tails set is good. Very co-ordinated on the move. Just preferred the size and overall outline of the BOB today, but a close decision. Very well handled.

2<sup>nd</sup>: Ioannou's Perditas Abandon Ship. A bitch who was very nice for size, make and shape. I felt she fitted the standard very well. I would perhaps like slightly clearer spotting. Moves soundly. Needed more condition and substance for me.

3<sup>rd</sup>: Williamson's Decoda's Captain Tom

### **Shih Tzu**

What a class! I loved it! Really made me smile! Shame the youngsters didn't have their own classes.

1<sup>st</sup>: Diffey's Marhilway Explored The Edge. The more I looked at this bitch, the more I liked her. More understated than some. I thought she had a lovely broad head with good width between the eyes. Lovely dark, round eyes. Defined stop with correct length to the muzzle. Tip tilted nose. Such an arrogant expression. Wide spaced eyes which are dark and round. Not quite as good in shoulder for me as the winner. Body is ok for proportions. Tail set is set on high. Moves impressively around the ring. Well handled.

3<sup>rd</sup>: Smith's Densown Viola. A cracking baby who became more confident as the class went on and even better later in the day. Already snooty and arrogant and lovely to go over. Super expression. Lots of maturing to do, but I shall watch her progress with interest. BP
